ALTERNATIVE FUEL NEWS

The official publication of
the Clean Cities Program

Coordinator
Toolbox

The U.S. Department of Energy's Clean Cities Program supports public-private partnerships that deploy alternative fuel vehicles and build supporting alternative fuel infrastructure. Our site features information about local coalitions and clean corridors, alternative fuel news and events, fleet success stories, support and funding, tips for starting a coalition in your area, available alternative fuel vehicles, related links and more.

AFV Infrastructure is Expanding

So Where's the Fuel?

Search for an AFV Station Near You

http://www.afdc.doe.gov/refueling_mapsite.shtml

Alternative Fuel Station Locator

The Alternative Fuel Station Locator can search our database of refueling stations for the entire country to find stations offering alternative fuels. To begin your search, simply follow these steps:

- Select a Fuel Type from the pull-down menu
- Insert a search radius (25 miles is the default)
- Select 'Search From' point: Address, City, or State
- Enter address, city and/or state
- Click the Search button

[Station Locator](#)
[Instructions](#)

<input type="text" value="—Select Fuel Type—"/>	Stations Within Radius: <input type="text" value="25"/> Miles
Enter the search from location:	
Search From:	<input type="text" value="City"/>
City:	<input type="text"/>
State:	<input type="text" value="Select a State"/>
<input type="button" value="Search"/>	

Or map a route
between a start and
end location of
your choice
